Please continue in order to complete your enrollment.

**NEXT STEP:** Open Your Investment Accounts

If you have not done so already, visit each provider you selected to open your account and customize your investment strategy.

FIDELITY

If you do not open investment accounts and select investment options, your contributions may not be invested in the manner that you intended. Your future contributions will be directed to the default fund for the plans - the Vanguard Target Date Institutional Fund that corresponds with your projected retirement date based on your age. Your beneficiary will be set to Estate.

The USG Payroll system calculates and prioritizes all payroll deductions including taxes, health and wellness benefit deductions, mandatory retirement contributions and voluntary savings plan contributions. There may be situations where your actual voluntary savings plan contribution is less than your election amount/%.
